

# ANIMATION CHECKLIST

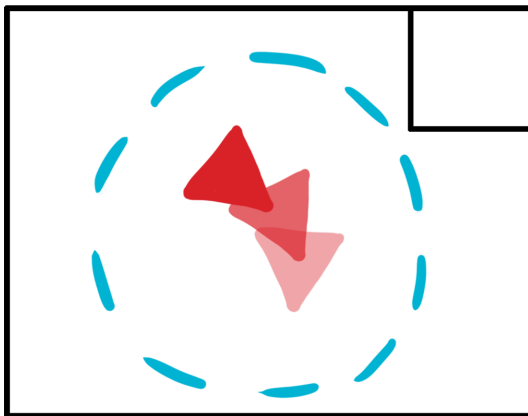

## SIDE TO SIDE

Make your object travel to the side of the frame (top to bottom, left to right).

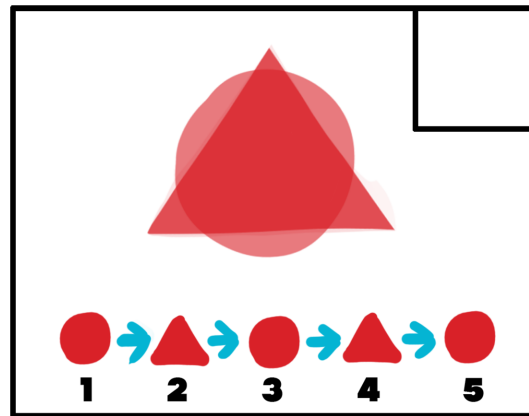

## SPEED (SLOW VS FAST)

- 1 Slow: Make tiny movements with your object.
- 2 Fast: Make larger movements with your object.

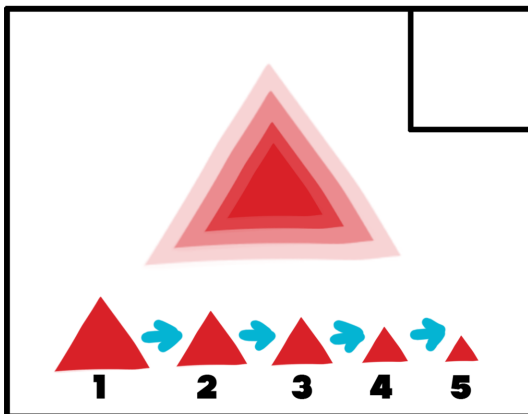

## SPINNING

Turn your object clockwise or counter clockwise for each frame.

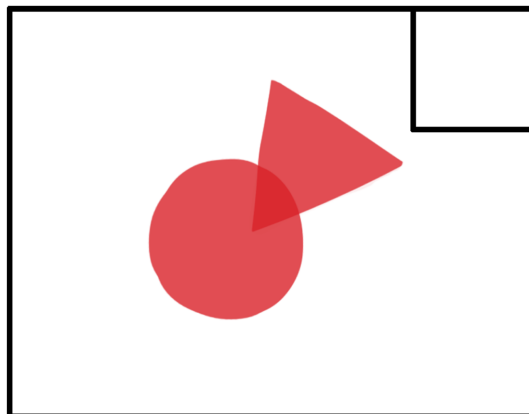

## REPLACEMENT

Use a different object for every frame. Make a pattern.

## GROWTH (SHRINKING VS GROWING)

**A** Shrinking: Replace an object with a smaller version. **B** Growing: Replace an object with a larger version.

## MULTIPLE OBJECTS

Make two or more objects interact with each other.
